

Murder Event® in the Museum

Come and shiver with delight in the Museum!!

If you are looking for an original event to provide your guests with an unforgettable experience you have come to the right address.

Our Museum offers you a unique venue and an original theme for your events, for your staff or business contacts.

Our new exhibition, **Murder in the Museum**, will be open from 14 December 2006 to 2 September 2007. During this exhibition-cum-investigation, visitors are invited to solve the mystery of who killed the Museum director.

Combine an exclusive visit to the exhibition or a conference held in our fully equipped auditorium with a **Murder Event®** guaranteed to make your blood run cold!
In cooperation with the Sint.Jansberg events agency.

Your guests are invited to the Museum to hear the murdered director's will being read out. In this extraordinary document the director voices his suspicions about a plan to murder him.

He asks the people in attendance **to help find the murderer**. The person who solves the mystery will inherit the director's fortune! The notary will be assisted throughout the evening by an inspector from the criminal investigations department.

During the reception and dinner, the guests will be treated to **one surprise after another**. Actors will take on the roles of the heirs - potential murderers. The heirs will offer convincing alibis and do their best to create suspicion against each other.

Right up until the moment that... a second murder is committed. The inspector takes over the investigation and sets off in search of the murderer in light of the information he has at his disposal and that has been put together by the guests. A thrilling investigation to discover the murderer who is present in the hall! And an unforgettable evening is guaranteed for all your guests.

Several Museum halls are available for this **Murder Event®** during closing hours (after 5 p.m. from Tuesday to Friday, and after 6 p.m. on the weekend and during the Christmas holidays, Carnival and Easter) or Monday, during the day and in the evening:

- **Columns Room:** Murder Event® + sit down dinner for up to 140 people
- **Minerals Room:** Murder Event® + + sit down dinner for up to 100 people

Our large grand auditorium can be used for your conferences during the evening and during the Museum's opening hours.
